

Palos Verdes Assembly - Photography Agreement

Our photographic coverage will include:

Pre-ball: Individual portrait photograph of each presentee and a group photograph of all presentees.

On Ball Day: Formal Family Photography, Presentation, and Candid Photography during the evening. On the day of the Ball (at a specially assigned time), each family and escort will have a formal photography session, and a group photograph will be taken. We will then capture all the excitement of the presentation ceremonies. After the presentation, our photographers will be covering all of the dance floor action and taking your requests for candid and table photos. Approximately 3 weeks after the Ball, you will receive a selection of photographs highlighting your participation in the Ball.

Within the 21-day approval period, you will have the option of ordering photographs and/or Albums from our price list. There is no obligation to purchase any photographs, but it is understood that any Photos/Album(s) kept after the 21 day approval period will be considered purchased. Your signature below acknowledges your agreement that we may charge your credit card for any Photo Album/photographs kept after the 21 day approval period, and that you agree to use an insured service, e.g. UPS, USPS, FEDEX, etc., when returning any unwanted photographs.
